MBA FOR EXECUTIVES

The study program “Master Business Administration for Executives” offers graduates a one-year, generalist business degree for mid-level to top-level managers. Graduates of this program are equipped with all necessary skills to manage companies that want to exploit their growth potential, locally or internationally. Emphasis in this Master’s program is placed on the strategic management of organizational growth and restructuring processes, the development of problem-solving skills, leadership capabilities, and the ability to adapt to changes in the business environment. The program prepares graduates for leadership roles in the management of organizations. The Master’s Program includes several interdisciplinary courses and projects, aiming to train students at becoming “business all-rounders”, so that they can recognize the interactions between all business areas.

ADVANTAGES FOR PURSUING THE MBA FOR EXECUTIVES

Some of key advantages of this master’s program, offered by TBU are:

- Advanced teaching methodology,
- Reading students for discomfort and challenges,
- Answering the career readiness call,
- Foster the development of soft skills,
- Partner with industry employers,
- Embrace the bootcamp model.

Furthermore, what makes this program special is its interdisciplinary orientation, which provides students with a comprehensive understanding of different processes in companies. The teaching of contents in projects and lectures, held by well-known entrepreneurs and faculty academic staff, promotes the networking of students with managers from the real world.

TARGET GROUPS

The degree program in Business Administration for Executives is geared toward graduates who already have a basic knowledge of business administration, such as:
