

Kleona Elezaj, MSc

**Lecturer,
Faculty of Information Technology, Tirana
Business University College, TBU**

Kleona Elezaj, MSc., has a broad academic background in the fields of technology and law. She completed her Bachelor's studies in Computer Science at the Faculty of Natural Sciences, University of Tirana, and her Master's in Business Informatics, Information Technology, and Innovation. She is currently pursuing a Scientific Master's in Criminal Law at the Faculty of Law, University of Tirana.

After completing her studies, she built a successful career in the banking sector and has over ten years of experience in vocational education in the field of Software Engineering, where she has held positions such as Head of the ICT Department, Quality Assurance and Professional Development Coordinator, and System Administrator.

Since 2020, she has been a part-time lecturer at several public and private universities, with expertise in Database Administration, Artificial Intelligence, Web and Java Programming, as well as Project Design and Management.

Ms. Elezaj is certified by Intel and AADF as a Coach for the "AI for Youth" program and is also a Cisco Networking Academy certified instructor.

She has collaborated with the Center for Educational Services (QSHA) and various institutions in drafting professional standards and curricula in ICT fields, and has participated in international seminars and workshops in Switzerland, Austria, and Hungary, focused on innovative teaching methods, the VET system, and dual education.
