

**Dr. Enkeleda Shehi**

**Head of Business Informatics Department,  
Faculty of Information Technology, Tirana  
Business University College, TBU**

Dr. Enkeleda Shehi is the Head of the Department of Business and Finance at Tirana Business University, TBU. Dr. Shehi has been part of the academic staff of Tirana Business University since 2018, as an external lecturer, and from 2019-2023, as Head of the Department of General Subjects at TBU. Dr. Shehi is graduated in Master in Business Administration, University of Nebraska–Lincoln & University of Tirana, Master of Science in Mathematics, University of Tirana and PhD in Statistics, University of Tirana.

Dr. Shehi has more than 10 years professional experience in the regulation of non-banking financial markets like: insurance market, capital market, including stock market and private pension market. She has good knowledge of laws and relevant EU legislation /directives in these three areas. For a 5-year period she has been the Chairwoman of the Board of Albanian Financial Supervision Authority – AFSA (2 years) and General Executive Officer and Member of AFSA Board (3 years). As chairwoman and member of the AFSA Board she has contributed to the drafting and amendment of several draft laws, in the field of insurance and reinsurance activity, on voluntary pension funds, and on AFSA activity, as well as in drafting and the approval of many regulatory acts and in the supervision and implementation of them by market actors.

She has a distinguished experience in cooperating with international institutions, such as: IAIS, IOCSO, IOPS, partner financial supervision regulators and has participated and presented as panelist in many national and international conferences, and she was amongst the first actuaries in the country, licensed in 2011, and the Vice President of the Albanian Actuary Association, since 2017. She possesses strong analytical skills and high ability to undertake scientific research and has also considerable experience in the university/college education system, where she has contributed as an external lecturer (Faculty of Geology & Mines, university of Tirana, European University of Tirana). Throughout her career she has held senior positions in departments related to statistics, actuarial studies, research, etc.
